from the Mayor's Office

City of Knoxville, Tennessee

Victor Ashe, Mayor

FOR IMMEDIATE RELEASE

Ashe Says Beat High Gas Prices; Take KAT

March 10, 2000 - With gas prices predicted to reach \$2 per gallon, Mayor Victor Ashe says now is a good time to save money by commuting on Knoxville's public bus system, KAT.

"Now is the time to discover or rediscover the convenience and cost savings associated with public transportation," Mayor Ashe said. "In the past few years, KAT has reinvented itself with different routes and new equipment, so I think that commuters will enjoy taking the bus and beating these sky-high fuel prices."

Some of the recent service additions include downtown park and ride services from the Cedar Bluff, Farragut and Halls areas and a cross-town bus route that goes from neighborhood-to-neighborhood without the trip downtown.

"Some buses are even now equipped with bike racks for people who like to cycle to the bus stop as part of their commute," Mayor Ashe said.

Mayor Ashe said that a monthly pass is available from KAT that results in even greater cost-savings for the KAT rider.

For more information on KAT routes and schedules, please call KAT at 637-3000.

SCHOOLS:

The Knox County Commission does not have any authority as it relates to curriculum and policy for the Knox County School system. Tennessee State law gives all such authority to the Board of Education. The Commission does approve the budget for our school system, though the Board of Education is free to allocate all dollars as they deem appropriate. Commissioners are frequently asked by constituents to intercede with the Superintendent or the school system and are happy to do so. If you have a question or need assistance, please contact the Knox County Commission office (215-2534).
